Takeover in Berlin

70 minutes! Irene enters the hotel room of this German slave in Berlin and takes charge. It's a prime example of hotel hell and there is a masochist at her service! Bed bondage, extreme CP, face sitting and a very lengthy whipping up to and beyond his limits is what transpires. She describes everything she is going to do while the slave stands nude in front of the camera exposing his ass. She describes what she did to the slave the night before, and how she needs to "even out" her canvas, and she brought all the right tools to do it. She proceeds to wrap him in saran wrap very tightly. Excellent views of Irene's strong muscular legs and firm rubber encased ass. She then begins covering the saran wrap with duct tape for an extremely tight fitting bondage cocoon. It is very hard for the slave to stand still while this is happening because he is so tall. She is a small woman so the difference between them is very interesting in this power exchange. Once he is completely bonded, she admires her work and instructs him to wiggle over to the bed while she giggles. "What's wrong?" She asks - "Do you have a fear of falling?" You certainly don't have a fear of flying! Get on the bed!" "Yes Mistress" he mumbles. She proceeds getting him onto the bed by knocking him over. She continues applying tape. She then sits on his head. He begins to get very excited and she is worried he is going to hyperventilate so she instructs him to slow his breathing down. The excited slave must be made calm before she can continue his scene. He is bonded much tighter than ever before so he is panicking. She starts warming him up with a good old fashioned hand spanking on the bed. Then she starts breaking out the different implements she has brought to warm him up for his whipping. She stands up to paddle him with more force. She watches the slave feet to determine what he is experiencing since he is able to wiggle them and they are the only thing that is not bound. She starts paddling him harder and changes the rhythm frequently so he cannot anticipate. She suggests that he be made to assume this position on her table at the trade show her company is currently attending, so any woman can come by and take out their aggression on his posterior. It has also been one of Irene's fantasies to ship a slave in a box. She begins to laugh and gets out the convent strap and then a double flogging. The flogging is intense. She moves back to the straps. The slave begins to squirm and make some noise. Finally! She likes the fact that the slave is finally responding to the corporal and gets wound up increasing the pace! "Quit wiggling around so much. I'll teach you!" Irene applies rope bondage over the tape and the slave is forced to stay still while she continues her onslaught. She ends this sequence by forcing him to sniff her sweaty pantyhose crotch. He is in endorphin heaven and is very still now. She wore these pantyhose for several days, and after wearing a rubber dress for a few hours it is assured that the pantyhose are quite fragrant. He recovers quickly and she informs him that it is now time for the riding crops and another double flogging. This prepares the slave for a caning with the "white lightening" a cast polyurethane favorite. What is all of this leading up to? Isn't this slave going to be whipped? It appears that the slave must be patient. She picks up her dragon cane and the slave becomes very fearful. He is forced to take a few strokes with the dragon cane (referred to often by Irene as a golden rod). The slaves "ass composition" must be balanced on each cheek. He is struggling mightily so She gives him some verbal instruction and encouragement to take it like a man. She then sits on his head, squeezing it between her thighs so he can have some vertical caning, with a much longer rattan implement. The slave is caned until she is satisfied and then is forced to sniff her pantyhose crotch and ass. A raunchy pantyhose treat while she laughs right at the camera. She does some close-ups of the slaves poor damaged behind and then gives him a nice soothing flogging with a heavy leather implement. It is finally time for the whipping, and the slave is tied in a standing rope body harness looking out the window of the hotel into the courtyard. She breaks out her signal whip and begins practicing her aim on the slave with a side throw and then moves around the room until she is satisfied with her stance. She begins his whipping with light taps to his posterior. She increases the intensity. She teases placing her ass in front of the camera. She does some close-ups of the slave's whipped ass, commenting on their afternoon date. Who needs a boring vanilla date? This is much more fun! It's still not enough to satisfy Irene and the whipping must continue until she is happy. She lays it on thick. She doesn't care that he is suffering. In fact it excites her to no end. He is whipped and then caned. She then places him in bondage on the bed and face sits him while she fine tunes his nipples. She pans over his helplessness showing the bullwhip marks he had received the day previously on the front of his body. He is forced to kiss her superior ass at the end.

Upon the standing cross, the slave is forced to worship Female armpits as a reward for enduring cbt with weights, nipple torments with piercing, ball kicking and cock caning. Lastly, the slave earns foot, boot and butt worship. He undresses the Ladies of their boots and sniffs white sweaty socks and sucks sweaty feet clean. Reprogramming at Residenz Avalon (Berlin Germany) The reprogramming of a slave can only happen if an extreme measure is taken to reduce the ego, and that's exactly what Irene Boss does while She travels with Her slave throughout Europe. The slave's grooming rituals have been throwing off the company schedule each day, so She decides to remove the problem - his hair. He is interrogated about his slave status in the large subterranean rooms of the Residenz Avalon in Berlin Germany. Remarkable scenes include suspension in a steel ball, caging, whipping, strict corporal punishment, and jail cell time. He is straight jacketed and also corrected on the CBT Cross. He is taking a caning while in nipple play predicament bondage; his nipple clamps are attached to the cross, and every time he moves from the caning he gives himself a nice painful sensation. He is placed in predicament cbt ball bondage by Irene and Cheyenne uses the lash on him. He takes the cane one more time, and then Irene begins to discipline him with her signal whip. A branding is discussed. Then Irene begins using her bullwhip. The slave is inspected and more bullwhipping occurs. He is then moved to a kneeling suspension position, with his arms overhead. The slave is made to "present" his balls to the two Mistresses from kicking. He is moved to the large bondage frame for strap on play. He sucks Cheyenne's cock while Irene scolds and spanks him. He is reprimanded about his unkempt asshole manners. Irene spanks him, leaves him plugged, and watches him as he continues to suck Cheyenne's big black cock.

Then the ladies punish the tree with their whips! The slave is then left to stand in the courtyard all night long bearing the marks from the implements. Lady Amazon is attired as a strict military Guardess and makes her dog run into the cold water to retrieve his toys. He gets playful and decides to run through Irene's sand castle, tries to dunk her, and buries her shoes! It is obvious that alpha dog must be punished for this behavior, so the Ladies drive him to a private dungeon. There he is caged and prodded. He is gagged and placed in suspension bondage to be whipped, flogged and cropped. He is placed in upright suspension (in a mask), wrapped in cellophane with thorny roses and Irene whips the heads off the flowers.

put on a show! We begin our journey with him standing in an archway outside in the courtyard showing off for the 2 Mistresses. His nipples are tortured severely. He is cropped and caned on his lower stomach and cock. He is tortured with a pinwheel, and manages to have an orgasm as a result of this cruelty. Irene decides to use him as a toilet while he lies on his back on the cold cobblestones. He is unable to swallow Irene's copious shower! In the dungeon, he is restrained with his back against the prison cell door to endure an intense genital caning. The Ladies discover that the slave has been hiding a large dildo in his ass. Bart is wrestled and stripped naked, restrained, beat up with boxing gloves, strapped to the spinning wheel, and taken for a ride. The Ladies require some refreshment, so the slave "house boy" is summoned and humiliated a few times. The sarcastic comments from Johnny Utah become so obnoxious that the Ladies dominate him on the pillory

with severe bull whipping. He is caned over an inverted bondage table. Irene rips his underwear off with her teeth, and whips plastic clothespins off his ass. The finale features worship of fetish shoes, lovely toes and feet along with pantyhose smothering involving the two slaves; house boy and Johnny Utah. Against her better judgment Irene decides to let a runaway house slave return to the Compound. She is getting ready for a trip to France for Venus Fair and needs someone to superintend the large building in Her absence. The slave ran away for ridiculous reasons and now must be punished to atone for his sins. He had been doing all sorts of negative things against Irene that She has found out about, and the only way the slave is going to learn is if he is punished. A total of 10 canes are used as well as a birch, lady spanker, evening star, razor strop, and

Irene's bare hand. He is fastened securely over the punishment box (a New West Leda design). His sentence is 1000 cane strokes but Irene gives him a reprieve at 600 due to skin loss. He is forced to clean up the canes at the end. Interestingly, the slave's behavior worsened a year later and he was completely dismissed from service at the Compound. Let Them Eat Cock!

Cruising for catholic girls can be fun, especially if your therapist recommends it. Cockmommie is having a mini-meltdown about getting laid, so she calls Dr. Veronica Bitch for an emergency in-home session. After a brief evaluation, the Dr. advises Cockmommie to get out and find herself some fresh stuff to satisfy her sadistic sexual urges. Driving through the south side of Pittsburgh, Dr. Veronica at the wheel of her Hum V, they come across a religiously ripe specimen for the plucking. Using her psychopathic skills,

Cockmommie easily lures Muffy, with promises of sweets & such, into her car. Now at the Mommie ranch, Muffy is wondering when the candy will be produced. The perverted pair handcuffs Muffy for an assisted walk upstairs, leading her ever further down the wrong side of the tracks. Placed in a closet converted jail cell, they tease the little candy fiend with red licorice and hard cinnamon drops. A birthday party is announced to keep tanned tart happy. Whose birthday? Who knows and who cares, Muffy just wants the candy. The lust of the dastardly duo begins to take shape in the way of a light paddling on the perfectly rounded bottom of our delicious damsel. Dirty dancing soon follows as Muffy gyrates and grinds on the Dr., now sporting a pink woody, which is orally serviced; while Cockmommie downs a cocktail and jerks her own junk. Muffy then gets her muffin stuffed six ways to a hot fudge Sunday via the very horny Veronica. Camcorder in hand, Cockmommie records the action for obvious reasons. The flexible fuck-toy is very impressive, especially when she takes Mommies' monstrous meat missile like a champion cheerleader. Liberties taken, a sugary offering is now delivered by way of cake, candles, beads, noisemakers and a tiara for the princess. The party perpetuates into a visual mind bender of brown goo-smearred bodies. The chocolate covered cutie then gets driven from the rear by the Dr., as she sucks on a hunk of fudge covered Mommie meat... but there's more to muffy than just her sweet tooth... to be continued...

While she is cleaning Mz Fawn's guest room she comes across a strange stash of pornography! Since Fawn and Irene have left for the day, Angela decides to explore the stash. She gets *very comfortable* on the bed and starts lasciviously savoring the smut! She lingers over certain pictorials and dog ears the pages. Mz Fawn has forgotten her cell phone and must return to the Compound. Irene and Fawn go right up the stairs into the Guest room to find Angela laying on the bed with her legs spread wearing a corset, stockings and bondage ballet boots! Irene and Fawn interrogate the girl, put her in bondage, tie her tightly to the bed face down with pillows elevating her bottom in the air and proceed to give Angela a very thorough bare bottomed hand spanking. Her breasts and pussy are put through some tests (electrical in nature). She is forced to orgasm over and over again with various vibrators and this eventually becomes sexual torture! They are then caged standing naked pressed up against each other. Irene swallows the only key to the lock, telling them that she will return to unlock them when "the key comes out the other end".

The Korruption of Angela! Coral Korrupt and Angela's debut on DVD! Our story begins with Angela secretly admiring Irene's

video collection sprawled on a luxurious gothic king size bed in the Compound's punishment boudoir. Hearing Irene and Ms. Coral ascending the stairs prompts an attempt to hide her visual vice. Irene and Ms. Korrupt enter the bedroom with cocktails in hand with a relaxing, reclusive slumber party in mind. Girl talk, a bit of footsy and a chaotic pillow fight follow. Angela's not so closely guarded secret is soon discovered and the two dominant ladies have their way with the tanned, hard bodied tart. Stripped of her clothing, saran wrapped, girl tossed and tickled, Irene applies the "Hitachi Magic Wand" to Angela's soon to be invaded glistening wet pussy. Ms. Korrupt inserts one, then two fingers with well metered thrusts, then smears the camera lens with the fresh love juice as Angela continues to cum. The "Hitachi", now in the hands of Coral, continues to work its magic on the willing

wench, now on top of topless Irene, passionately making out. She cannot wait any longer...Ms. Korrupt drives her well mounted strap-on deep inside Angela's eager beaver, humping and grinding while her more than ample breasts are kissed and licked by Irene's talented tongue. The Boss takes over from behind in this finisher, as Angela is fucked royal from both ends, also sucking on Ms. Coral's stiffy to the delight of all. Angela makes her video debut and cums many times in this very sexy and entertaining "all girl" action movie. All ladies in satin pj's.

Irene eavesdrops to hear Spanky attempting to steal her clients with cut rates and suggestions of inappropriate activities! Irene decides to send Spanky on a break. arranging for them to watch her nonconsensually dominate Spanky at a later date. The candy is rewrapped and returned to the jar. Irene in a business suit and Spanky in schoolgirl attire. Later that day, Spanky is waiting for Irene in the dungeon. Irene is late on purpose to make Spanky miss her "appointments" and fidget. Irene in a short shiny dress, jacket, and thigh black leather fetish platform knee high boots. Spanky in a very tight Collette corset and ankle high black patent leather ballet boots. Irene returns to place Spanky in upside down suspension bondage. Spanky is flogged and whipped for her misdeeds. Her panties are cast aside. Spanky is then severely bullwhipped. The story ends with the 2 women sharing pleasantries in the office while Spanky unknowingly places the ass candy in her mouth. Devious! Filmed at Mistress Jordan's studio in Orange County California.

The Initiation Starring Lady Cheyenne, Irene Boss, and Sapphire's debut on film! Sapphire "wants the job so bad" that she decides to go along with everything. First she must strip. She is placed on the spinning wheel. Irene and Cheyenne take turns flogging her. Irene licks her nipples. Vibrating nipple clamps are attached, and a vibrator is tucked into Sapphire's underpants. Her pussy is cropped. Sapphire is placed on the St. Andrew's cross and psychologically dominated with the Nova Pro with nipple play, birching, single tail whipping, and severe bullwhipping. Sapphire is restrained to a large bondage canopy bed for her first piercing scene. Irene weaves beautiful steel flowers around her nipples while Cheyenne comforts her by dripping ice into her mouth.

Sapphire is placed on her hands and knees while pierced while Cheyenne forces her to suck rubber cock and Irene teases her pussy with a vibrator. Irene cuts Sapphire's pantyhose off and proceeds to fuck her.

Sexual Harassment Irene Boss invites Betka Schpitz to the Compound to partake in the training of a girl! The girl is reprimanded for improper dress code, and has plenty of sexual fantasies on the porch thinking about 'what might have been' in the office. She does a poorly and surely job of serving Betka, and Betka has to take matters into her own hands and discipline the girl! Betka and Irene go out for the evening, and return to the studio to find the girl has fallen asleep with the scrub brush in her hand. The kitchen scene consists of food humiliation, crush fetish, dunking, and sexual strap on training! Witness suspension, spitting, whipping, vibrator play, caning, and flogging.

The female disciplinary manual

The Boss and Claudia tag team whisper, who was caught being naughty again, and was soundly disciplined in this classic schoolroom fantasy. Over the knee bare bottom spanking, tawsing, paddling, and spanking are just a few of the CP delights that await you.

The taming of Bess The kitchen gets smashed to smithereens as Irene shows the new girl who's Boss. Anastasia grabs Bess and gives her an over the knee spanking! There is double and two-handed flogging, pussy cropping, electricity, spanking, nipple play, gagging, and electro-hypnotherapy. Anastasia cruelly tortures Bess's nipples. Bess is taken to the schoolroom and receives a birching from the Mistresses while she is strapped over the punishment box and some intense tickle torture. Bess is straight jacketed, and you hear her recite her house rules (voice-over) while watching her squirm.

For Women only Whisper has been told that must shine Irene's costume to perfection, from the tips of her toes to the top of her mask. Whisper is then placed in liquid latex on a steel bed for nipple and genitorture with clothespins, crops and paddles, before being placed in bondage on the floor to sexually service Irene. Whisper is restrained in the sit sling suffering unbearable hot wax torture. Mistress Antoinette and Irene laugh and encourage her. Antoinette tortures the slave girl with breast smothering, pussy cropping and tit torture. She wears a dildo gag and her face is put to good use.

Breaking the rules

Mistress Antoinette's video debut at the Compound. Irene shares her girl toy for some inescapable bondage, tit torture, face sitting, breast smothering, breast worship, and deep kissing with the slave girl - who is unable to move - enduring intense torture.

Rubber Grlz The scene opens with extreme tickle bondage in the sit sling in the chapel room (jail cell area) and progresses into a good old fashioned over the knee spanking and leads to the Gothic Dungeon. This was the slave girl's first time in a tight rubber cat suit. Double flogging, caning, bondage, upside down suspension, bullwhipping.

*****GS Fetish and medical role play*****

In between each cock hole stretching he is made soft again with the Wartenburg wheel. The sounds go up in size! Irene changes into a rubber bra and tight black pants. The slave's nipples are placed in bipolar electric nipple clamps and he goes into a straight jacket with a hood and gag. Irene demonstrates many new electrical devises by the rimba company and lots of toy attachments too. All her naughty bits are explored. The experiments were a success and Vanessa is all better now thanks to kinky Dr. Rubber Boss and Rimba!

The Asylum Of Dr. Boss / The English Patient (Double Feature)

Irene Boss and Madame Nadine are presenting Vanessa A beautiful young girl, amnesia stricken, disoriented and delusional, is found by the side of the road and is brought to the "special hospital" for women. Dr. Boss and her assistant nurse Madame Nadine, (aka Cockmommie), are on duty this night. After a brief diagnosis and visual inspection, Dr. Boss and her nurse waste no time in administering a heavy dose of "in-patient" insanity. Procedures include a vaginal and anal finger exam, Nova Pro

therapy, electrified metal probing of both orifices with vibrator assistance, and strap-on therapy with violet wand electroshock treatment. Throughout her exam, the troubled lass seems to be imagining all sorts of things, like inappropriate behavior and language coming from nurse Nadine and frequent molestation visitations from "Fucker" the clown. Nasty nurse Nadine also decides to give the unstable girl an examination of her own, when Dr. Boss is out, complete with more fingering and rectum temperature taking. Not responding to the "malpractice" as hoped, Dr. Boss decides that the patient needs to be sent elsewhere for "special treatment". Find out just what that "special treatment is! **The English Patient** The famous British masochist "Stephen Paine" has flown across the pond for another visit to the Compound, and has entered the medical chambers of the evil Dr. Boss where one flies over the cuckoo's nest! Buck up and tally ho - it's time for your physical. You can look all you like, but don't touch. The cleavage of Irene is simply unbelievable! She is a tease in red rubber nurse attire with pantyhose and high heels, just so you can get yourself into trouble. Down boy! The impatient patient is laced into supple black leather bondage mitts and put to bed. The clothespins come out. His nipples, arms, face, ears, legs and cock are cruelly covered in a porcupine fashion. Irene taunts him with mock motherly sympathetic tones. His legs are spread and the swearing begins. He is gagged for much of the sequence.

Clear plastic hoses are attached to an enema bag, and holy water flows into his plastic cocoon while he is ridiculed. He sucks on Irene's panties as a gag.
